Dear Sir/Madam,

Sub. : Intimation under Regulations 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015
Ref. : Script Code – 543254

In accordance with SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Code of Practices and Procedures for Fair Disclosure of Unpublished Price Sensitive Information in terms of Regulation 8 of SEBI (Prohibition of Insider Trading) Regulations, 2015, the following is our business update for the quarter ended December 31, 2021 ("Q3 FY22"):

1. With the new variant of COVID-19, Omicron spreading across the country, there has been mixed reports on the impact of the same on businesses. It is too early for us to estimate the impact of this variant on the tonnage that is getting generated from commercial activities in the cities that we provide our services. For now, we have not seen much impact of waste from the residential zones.
2. Total Operating Revenue (tipping revenue from C&T, Mechanical Power Sweeping and Waste Processing) for Q3 FY22 has improved by approximately 22% YoY, and on a sequential basis, has remained stable.
3. Total tonnage handled by the Collection & Transportation Business (excluding those projects with fixed shifts/trips/households) in Q3 FY22 has reported around 13% growth over YoY and around 3% growth sequentially, while total waste processed by the Company during Q3 FY22, has improved by around 6% YoY and around 4% sequentially.
4. Total compost sales during Q3 FY22 stood at 3,144 tons as compared to 2,908 tons in Q2 FY22 and 2,291 tons in Q3 FY21.

Please note that while computing core operating revenues, the Company excludes revenue from Contract income under the Ind AS 115 – Revenue from Contracts with Customers.

Also, the above information is on consolidated basis and subject to a limited review by the management team. The Company will continue to provide the above update at the end of every quarter for the current financial year.

This is for your information and records please.

Thanking you
